Spinning Around
By BARNEY GLAZER
Twentieth Century News Syndicate

"Meet Mark Murphy," is a Decca hi-fi album which presents a singing youngster completely saturated in talent that pays off. I'd say that Mark Murphy is one of the great singers of our times. Included in his stellar Decca debut are: "Fascinating Rhythm," "Exactly Like You," "If I Could Be With You," "Limehouse Blues," and other exciting tunes.

"A Christmas Sing With Bing Around the World," is another Decca album which belongs on your shelf forever and ever. This is from Bing's (Crosby who else?) CBS radio program and it's quite an annual event. This Decca album now makes it a perennial Christmas event. All the Yuletide favorites are there and Crosby sings: "White Christmas," "Adeste Fideles," "The First Noel," "Happy Holiday," etc.

"Shimmering Strings," with orchestra conducted by David Carroll is a Mercury custom high fidelity album. Here you will listen to shimmering violins, rhapsodic violas and richly elegant cello. Heard are: "The Little Ballerina," "Once Upon a Dream," "Lonely September," "Treadmill," "The Girl Upstairs," and other dreamers.

"I wonder What Became of Me," is an Epic album with a strange title. Featured is songstress Anita Ellis whose voice will excite the unexcitable, and all because it is many voices wrapped into one. She can sing like a little girl or she can wail about a seamy life, or she can belt you with a passionate torch. Don't miss Anita Ellis!

"Bernie's Tunes," is an EmArcy high fidelity jazz album featuring Bernard Peiffer. He's a Frenchman who has been in this country since 1954 and although he is not at home with out language he is certainly thoroughly at ease in the esperanto of jazz. Tunes include: "Lover Come Back to Me," "S Wonderful," "Lullaby of the Leaves" and others.

"Wagner" is played by Paul Paray conducting the Detroit Symphony Orchestra on a Mercury high fidelity Olympian living presence album. Heard are: "Dawn and Siegfried's Rhine Journey," "Siegfried's Idyll," "Prelude to Parsifal," and "Prelude to Act III of Tristan and Isolde." Wagner, an extraordinary composer might have become one of the greatest symphonists of all time had he not been so completely possessed by the idea of erecting a musical monument for the glorification of Germanism.

"Helen Merrill - Dream of You" is an EmArcy high fidelity jazz album by a girl who is 26 years old and has been singing since she was 16. She displays that rarest of qualities, an individual jazz timbre, a sort of personal slight throatiness as she sings "People Will Say We're in Love," "Dream of You," "Troubled Waters," "By Myself" and others.

Mercury offers the complete recording of "Daphnis and Chloee" by Ravel with Antal Dorati conducting the Minneapolis Symphony Orchestra. This work for the ballet was completed in 1912 but oddly enough it has become more familiar in the concert hall than on the ballet stage.

City Groups Plan Joint Conferences

A joint meeting of the Torrance City Council and the Airport Commission has been scheduled for 7 p.m., Dec. 20, in the council chambers of the city hall, it was announced this week.

Members of the two city groups will discuss the master plan of development for the Torrance Municipal Airport, which was adopted recently. The plan was drawn up this year by an engineering firm retained by the city for the project.
